

RESOLUTION 2011 – 1

WHEREAS, Jennings Northwest Regional Utilities is a regional water and sewer district, established under Indiana Code 13-26, et seq., and has the authority to establish rates and charges for the availability and use of its water and sewer systems; and,

WHEREAS, in the past Jennings Northwest Regional Utilities established availability fees for both its water and sewer utility, which fees are billed annually to those property owners who have water or sewer service available to their property but are not connected thereto; and

WHEREAS, an analysis of the time and effort involved in billing and attempting to collect unpaid water and sewer availability fees indicates the time is greater than the revenues collected; and, therefore, such efforts are not cost-effective; and

WHEREAS, the Board of Trustees of Jennings Northwest Regional Utilities has determined to eliminate such availability fees over a period of time.

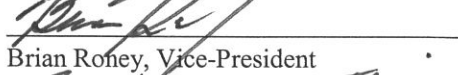

BE IT, THEREFORE, RESOLVED, that Jennings Northwest Regional Utilities hereby eliminates the **water** availability fee assessed to those property owners within the district who have service available but are not connected thereto.

SO RESOLVED this 16th day of March, 2011.

JENNINGS NORTHWEST REGIONAL UTILITIES, Board of Trustees
